minions.

Rumania's nid to Russia and the Allies would be valuable. The Rumanian standing army consists of about 190,000 men. On a war footing it would be increased to 220,000, and with a population of 7,248,000 to draw on it would be practicable to put eventually about 407,000 men in the ficiable to put eventually about 407,000 men in the ficials and don't spit on the sidewalk. Let everybody be clean and talk eleanliness and health.

Lands the Colymn.

Lands the C overrun Transylvania, and in conjunction with the Servians and Russians could take Budapest.

rearrangement of boundaries after the war along racial lines, such a transfer would be logical and probably beneficial.
